

FULL CUSTOMIZATION AVAILABLE – SEAMLESSLY BONDED PERFECT SURFACES

Custom-made Xonyx solid surface tabletop program with integrated basins offers up to three (3) basins integrated into tabletop with length up to 300 cm. In standard tabletop depth of 50 cm is offered, but at moderately higher cost tabletop depths up to 60 cm and full flexibility in basin(s) placement are available. Xonyx custom-made tabletops with basins are produced with 14 mm thickness. Thicker look may be achieved by adding front and side(s) skirting with height up to 20 cm. Perfect seamless look of the final product is achieved through quality bonding and thorough machining of the connected Xonyx surfaces. Slow Polymerization System (SPS) brings out the best performance characteristics of the remarkable Xonyx solid Surface material providing products with exceptionally hard surfaces that are much more resistant for scratches and easy-to-clean.
